

Maths Entry 2

This course follows on from the Maths Entry 2 Access

On this course you will continue practicing and completing activities that will help you to become more confident in maths skills. You will be able to apply your skills to solve problems and complete everyday activities whilst working towards a functional skills qualification. You will learn in a supportive and welcoming environment with guidance from the tutor. You will work on your own and with other learners on different tasks that will support you to improve life and work skills such as decision-making, prioritising, collaborating and independence. You will be expected to complete homework to reinforce and extend your learning outside of class time.

What will I study?

On this course you will be introduced to the following topics:

- Numbers and place value
- Fractions and decimals
- Measurements
- Shapes and spaces
- Pictograms, tables, charts and graphs

Assessment method

Various assessment methods, including on-line and paper-based assessments, individual, group work and communication activities, and given feedback on your progress. Throughout the course you will also receive feedback from your tutor and learn the skills to self-reflect and evaluate your progress

Entry requirements

You will need to complete a maths introduction course prior to enrolling on this course to ensure this course is at a suitable for you.

What should I bring with me?

You will need to take notes so bring along your preferred tools such as pen/paper or electronic device. An A4 ringbinder folder and simple calculator will also be essential.

Key information

This course will take place on site. In unforeseen circumstances that prevent onsite delivery, sessions may take place online via Microsoft Teams and telephone support.

Possible next steps
