

Maths: Access to Entry 3

Course overview

If you believe you would benefit from improved maths skills to widen your job prospects, help your children with their homework or access further study this will be the ideal starting point for you. You will work towards your own goals whilst preparing for a qualification.

What will I study?

On this course you will be introduced to the following topics:

- working with whole numbers to add and subtract
- multiplication and division with whole numbers
- fractions, decimals and percentages
- measurements
- shapes and space
- working with data

Assessment method

Online and paper-based assessments
Individual, group work and communication activities

Throughout the course you will also receive feedback from your tutor and learn the skills to self-reflect and evaluate your progress.

Entry requirements

You will need to complete a maths introduction course prior to enrolling on this course to ensure this course is at a suitable level for your needs.

What should I bring with me?

You will need to take notes so bring along your preferred tools such as a pen and paper or an electronic device. An A4 ringbinder folder and a simple calculator will also be essential.
