

ESOL ENTRY 1-2 DIGITAL SKILLS

Course overview

This course is to allow ESOL E1-E2 learners to determine understanding of, and experience in, digital literacy skills. It will help learners their digital literacy skills, as this is now essential for life and work. This course will provide opportunities to acquire several practical skills.

What will I study?

To develop basic digital skills necessary for life, work, and society

To understand how to use computing devices and tools

To be able to use tools and techniques to search, store and retrieve information

To be able to use email tools and techniques to communicate and exchange basic messages

To follow a safe and secure online practice

Assessment method

- Tutor observation
- Question and answer
- Self assessment
- Paired, group, individual, and on-line tasks

Entry requirements

This course is suitable for ESOL E3-L1 learners who have a basic digital skill.

What should I bring with me?

Pen, paper, electronic device. You will need IT skills such as working with a keyboard, mouse and use email.
