

CPD: Working with Autistic Spectrum Disorders

Course overview

Find out about the broad spectrum of this condition, the different ways in which it affects children and adults as well as the impact it can have on a family.

If you are thinking of, or are already working with this client group you will find this workshop invaluable.

This workshop is essential for learners on Childcare, Health and Social Care and Teaching Assistant courses and very helpful for those who have family members who are on the spectrum

What will I study?

You will:

- Understand what is meant by the term autism
- Discuss misconceptions associated with autism
- Explore common conditions that can occur with autism
- Explore how to adapt communication methods for more effective communication and interaction

Assessment method

You will participate in discussions, activities and Q&A sessions and receive verbal feedback from the tutor throughout the workshop.

Entry requirements

You will be on one of our qualifications courses or have a serious interest in the subject.
You will need a solid understanding of English.

What should I bring with me?

You will need to provide your chosen method of note-taking such as notepad & pen or tablet.

Key information

Where possible this course will take place on site with social distancing measures in place. In the event of a lockdown, the course will take place online via MS Teams.

Possible next steps

Following the successful completion of this course, you will be supported to enrol on to other suitable CPD or wellbeing courses or onto other courses. You may also wish to progress on to one of our other specialist SEND CPD workshops or one of our Challenging Behaviour CPD workshops.
