

LLDD Maths: Measure, Shape and Space

Course overview

This course is for people with learning difficulties or disabilities who want to improve their maths and number skills. The course is designed to help you to gain a greater confidence in understanding maths to help you in everyday life and work.

What will I study?

Some of the topics you will cover include:

- working with whole numbers up to 100
- measuring length using various measuring tools
- weighing and recording weights using weighing scales
- recognising shapes in and around the home
- learning using maths games and matching activities

Assessment method

Online and paper-based assessments, individual work, group work and various maths activities.

Entry requirements

You should:

- have attended the LLDD Number Skills course
- recognise numbers up to 10

What should I bring with me?

You will need to bring a pen, pencil, paper, simple calculator and a folder to each lesson.
